What's new in Elden Ring:

Elden Ring is a fantasy action game that combines the freedom of action RPG with the excitement of a soviet-era RPG.

\$9.99, PS4 ReleaseDate: July 2, 2019 Localized versions of FINAL FANTASY XV: Armor Review (PS4) and FINAL FANTASY XV: the Winged Warhorse are available now. In addition to these new languages, the patch will add the option to change languages at any time and there are also improvements to the Traveler description window. Crash and bug fixes are included in the patch. In order to automatically receive the new patch, go to the PlayStation®Network setting and configure your system to check for downloadable content updates automatically. “In the early stages of development, we took the time to listen to the opinions of a wide range of people so that when FINAL FANTASY XV was finished, we had a highly playable product. Now that the release is imminent, we’re hard at work to patch and problem solve in order to assure a seamless launch on September 30.” - Composition Director, Hajime Tabata “Working on a game with a mass audience is a challenging endeavor, so we’re eager to bring FINAL FANTASY XV to a wider audience through the PlayStation®Network and various other platforms. We’re also grateful for everyone’s kind thoughts and praise. Please continue to support the title, and thank you for your continued patronage.” - Director, Koichi Toyoshima

Elemental Energy - Elemental Spirit (000-04I-0I-0I-II)

A new elemental spirit which appears when you boost the MORPG on a new world. Story - The story follows the lead character as he searches for his missing friend on a mysterious island. Toward the end of his journey, the lead character’s companions arrive. At this stage, the protagonist realizes he’s facing a single enemy: the mysterious evil known as the ‘Red.’

Gameplay Features Airship Vehicle. Carrying your allies in your wake, the airship can be obtained after level 10.

(Male/Female/Both) This week saw the release of the latest game from Square Enix in our Community Corner: FINAL FANTASY XV - Persona Q: Shadow of the Labyrinth.

Unfortunately, I don’t have access to the game on any platform,

but here are some notes

Be Blessed! elden ring flawless game 40/10012.15/5 Epic Action RPG By Jack Moser To start the game, you will navigate through an isometric view of a world filled with vast grassy plains, majestic mountains, and deep forests dotted with crude villages, and then enter into the grand Lomediae Empire located in the Lands Between. Upon arriving, you'll create a character with an appearance dictated by your choice of gender. Once you begin, you'll be urged to explore the world, and learn the basics of how to fight and interact with your friends by means of an in-depth tutorial. The game then introduces each of the character classes--Merlinian, Elvin, Laguz, and Argonian--all of which require varying degrees of strategies to master. Your character will be enhanced by gear and coins, or G.E.S.T., which are collected throughout your travels. The game's progression system builds upon this foundation, so that the character class you start out with will not remain the same, as the story evolves. You'll be able to enter into three distinct story paths: the Adventurer path, the Sword path, and the Sorceress path. These paths will allow you to engage in a wide variety of activities as you navigate the story; the Adventurer path is particularly recommended for those who have little prior gaming experience. In order to advance through the story, you'll need to spend time with your friends by performing quests for them, and by engaging in battles with challenging enemies. This dual element of story and gameplay is, for the most part, very well executed, and is indicative of the game's high production value. Still, it feels like a great deal of time has been spent creating a very impressive game--and ultimately, it's a great game. You'll be perfectly equipped to take on hordes of powerful enemies, and you'll be interacting with your friends during the story in a well-designed, dynamic social space. If the action RPG mechanics are where the game shines, its lack of originality can be felt by newcomers. There's been plenty of the same type of game before, especially given its isometric
