subsidies for the use of airliners were tied to seat capacity and advertising revenues of scheduled airlines. the secondary airline operators hoped that subsidies would go up as larger airlines cut their fares, to the benefit of smaller airlines. just like fuel prices, however, the airline industry faced a combination of rising fuel costs and the security challenge of keeping jets out of the hands of potential terrorists. on 13

january 2014, airbus unveiled the new a350 xwb. the aircraft can fly longer routes and fly passengers in comfort like no other commercial aircraft. airbus has plans for an a350 in europe and china. 7 out of 10 airbnbs in nyc have been rented out by journalists under a new project as part of a series of airbnb experiments by the new york times. published under the headline what will airbnb's biggest city look like?, the ten-part series will look at the impact of sharing economy in a range of sectors, including journalism, healthcare and the environment. spanish online travel agent interair has become the latest of low cost airlines to announce plans to expand its services to destinations in the uk as well as the usa. interair, which was created in 1990 and has a fleet of six boeing 757 freighters and a further eight a321neo wide-body jets, will from september 2017 start flying to london heathrow, manchester, edinburgh, glasgow, liverpool, southampton, newcastle,

leeds/bradford, sheffield, cardiff and belfast. letourneau-kawasaki has been awarded a substantial contract to supply airframe spars and a series of other ancillary products to airbus for the a320neo wide-body family. airbus has chosen letourneau-kawasaki to supply a minimum of 1000 uh-72 tail spars and around 1,500 spars of composite material. letourneau-kawasaki has already supplied
