Read this book with Google ... How did it happen If someone told me that one day I would be working on a book about a virtual rat, I would just laugh at him. Virtual rats exist, of course, but this is not my area. I'm not one of those who work on virtual rats. My interests lie in computer science and psychology, and I prefer to talk to people about something real, like the virtual reality we live in. But even so - why did I get involved in the virtual rat What did I find in it
